

Exporting from ACM Digital Library to RefWorks

Conduct your search:

From the results select the items you would like to use by clicking in the tick-box to the left of that record. Then click on **Export Citations**. (You can also select to export all citations from your result list by clicking in the tick-box to the left of Export Citations.)

A pop-up box will appear:

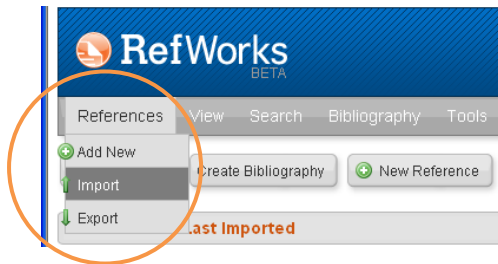

Make sure that BibTeX is selected.

Click on the download citation option (bottom-right of the box).

The BibTeX details for your items will now be downloaded.

For Legacy RefWorks

Return to your RefWorks account.
From the **References** pull-down menu select **Import**.

A screenshot of the 'Import References' dialog box. The 'Import From' section is expanded to 'From Text File'. The 'Import Filter/Data Source' dropdown is set to 'BibTeX'. The 'Database' dropdown is set to 'ACM Digital Library (BibTeX for)'. The 'Select Text File' section shows a 'Choose File' button and the file 'acm (2).bib'. The 'Encoding' dropdown is set to 'ANSI - Latin I'. Below this is a note: 'Specify only if you specifically set the encoding when saving the text file; otherwise leave it as is'. The 'Import To' section has a note: '(Note that references are also put in the Last Imported folder)'. The 'Import Into Folder' dropdown is set to 'None'. At the bottom right, there is an 'Import' button. Four numbered instructions with arrows point to these elements: 1. Select BibTeX as the Import Filter / Data Source. 2. Select ACM Digital Library (BibTeX format) as the Database. 3. Choose the file that you have just downloaded. 4. Click on Import.

1 Select **BibTeX** as the Import Filter / Data Source.
2 Select **ACM Digital Library (BibTeX format)** as the Database

3 Choose the file that you have just downloaded

4 Click on **Import**

Your references will be imported into the Last Imported folder of your RefWorks account.

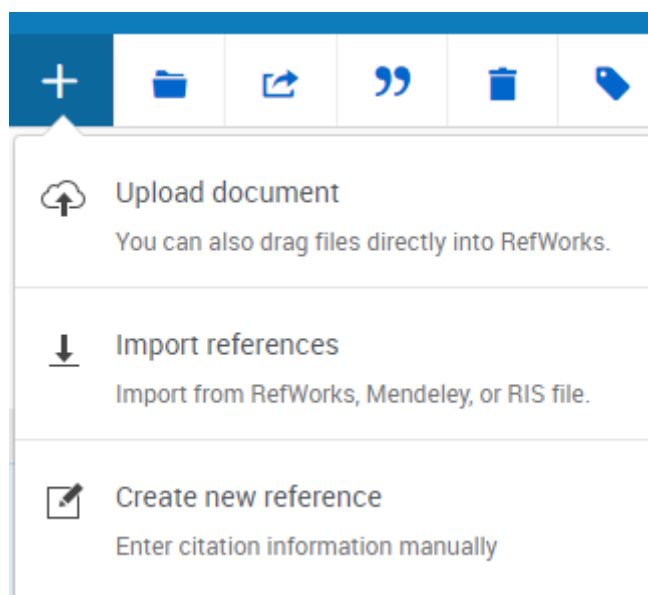

Word of caution:

- Check your references – some editing will be required.
- The journal title is only exported in an abbreviated form and you will need to go into the **Edit** page of the record (the pencil icon) and add the full-title details into the **Periodical, Full** field.
- Click on **Save Reference**

For New RefWorks

Return to your RefWorks account

From the + sign – click on **Import references**

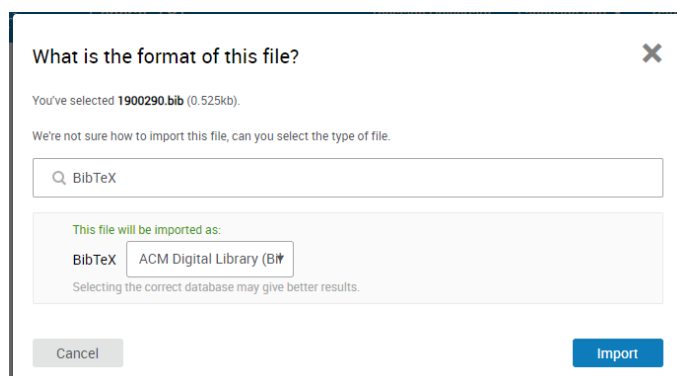

Select the file you have downloaded.

You will be asked to select the type of file – use **BibTeX**

Then select **ACM Digital Library**

Then **Import**

Your reference should be downloaded into your RefWorks account (under Last Imported)

Check if any editing is required (See Word of Caution in Legacy section above)

Note: Alternatively you can also directly upload the pdf of a document into New RefWorks.
