Then click on **Download** (at the top or bottom right of the page).

Select the Record Number to view the Full Record. Select the checkbox to Tag a record for emailing or downloading. Default is all records (Max of 500).

Email Records **Download**

Select the Format – **Short labels** and the option for the records you want to download (i.e. just selected (tagged) records or all).
Then on **Send File**.

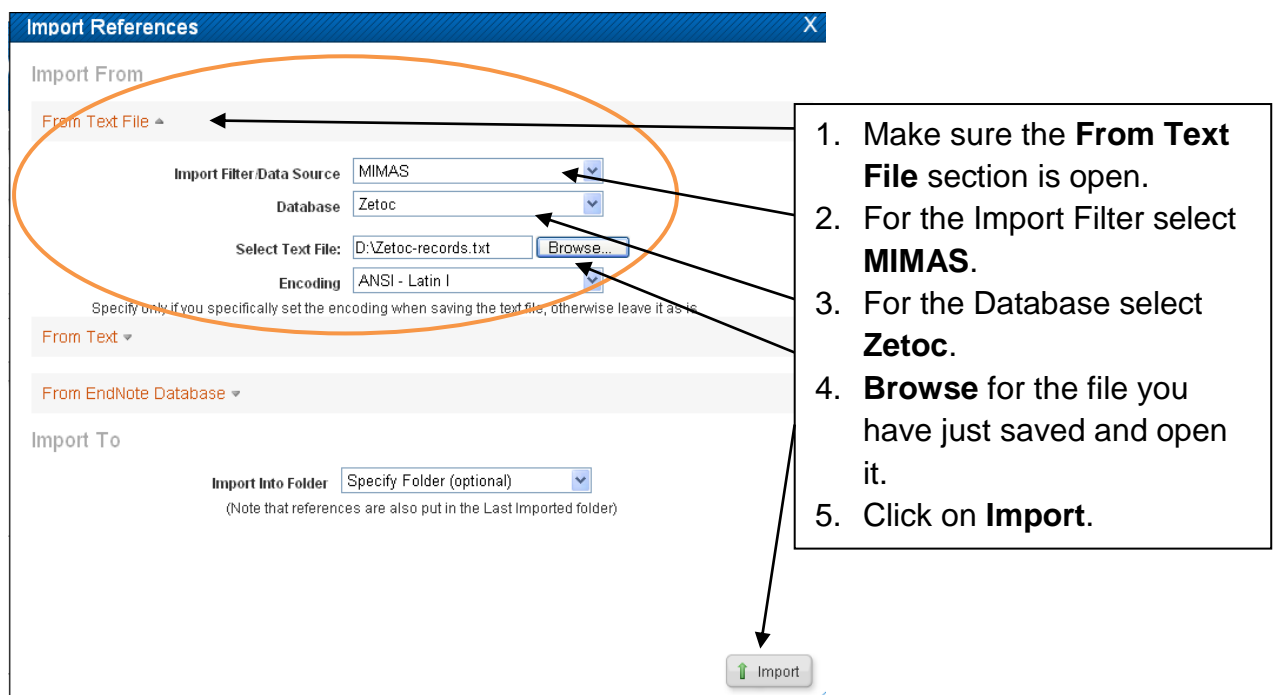

Name and **Save** the file as a text (.txt) file.

To Legacy RefWorks

Now return to your RefWorks account.

Whenever you import files, you need to select firstly the Import Filter then the Database.

1. Make sure the **From Text File** section is open.
2. For the Import Filter select **MIMAS**.
3. For the Database select **Zetoc**.
4. **Browse** for the file you have just saved and open it.
5. Click on **Import**.

Your records will be imported into your RefWorks account.

Click on **View Last Imported Folder** to see them.

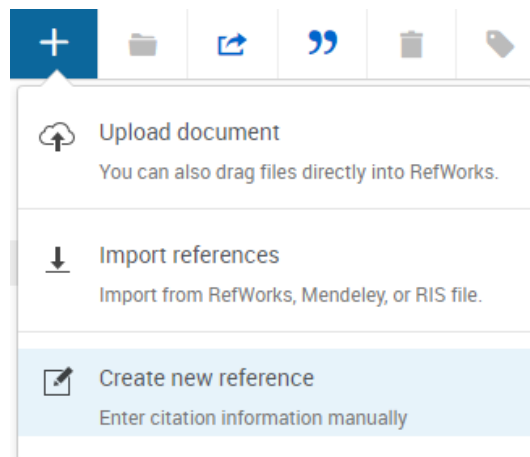

Check to see if any editing is required of these references.

To New RefWorks

Return to your RefWorks account

Click on the **+** sign from the main toolbar

Then on **Import references**

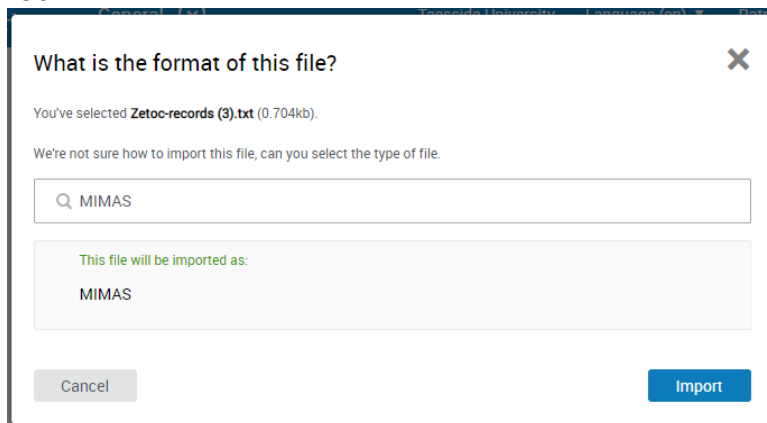

From the Import a file section click on **select a file from your computer**

Select the file you have just saved.

Enter **MIMAS** to import the file

Your references will be directly imported into your RefWorks account.

Check under last imported to see them

Check to see if any editing is required of these records.
