

## Exporting records from Ebook Central into RefWorks

You can export a reference for a book in Ebook Central directly into RefWorks

When you are in a book:

- Click on Cite Book (on the left-hand side of the page)
- In the Citation box that appears choose RefWorks.

- Choose the version of RefWorks (Legacy or New) you are using to export your references to.

### Continue exporting to RefWorks ?

Yes, export to the newest version of RefWorks

 RefWorks

No, export to the legacy version of RefWorks

If you do not have RefWorks already open and logged into, RefWorks will now automatically open and you can login. Your reference will be automatically exported.

Click on **View Last Imported Folder** to see it.  
Check if any editing is required.
