

Choosing a course and university

Rank the following according to your own personal priorities. This will help determine what is most important to you when selecting a university. Rank from 1-18 (1 = most important, 18 = least important).

- Course on offer
- Course content
- Fees, bursaries and scholarships
- University reputation
- League table position
- Employability of graduates
- Part-time job availability
- Links with industry
- Transportation system
- Study facilities (library, computers)
- Sporting facilities
- Student support (mental health, counselling services)
- Students' Union
- Cost of living
- Accommodation
- Social life
- Close to home
- Proximity to town centre
