

Reporting Structure for Access Plan 2024-28

To ensure the implementation of the Access and Participation Plan the University has established five project groups, comprised of staff and students from across the university. Each project group focuses on meeting our goals to reduce risks of inequality and collaborate across the University to deliver on interconnected interventions. These groups are shown vertically on the infographic below.

The Equality of Opportunities Team monitor the progress of the groups and report bi-monthly to the Access and Participation Plan Project Board, chaired by Professor Mark Simpson, Deputy Vice-Chancellor. The Board includes the Student Union President - Wellbeing.

Oversight of Project Board is through Board of Governors and the Academic Assurance Committee. Ensuring that the University's leadership have oversight.
