

A UK CENTRE OF EXCELLENCE FOR THE BIOSCIENCE INDUSTRY

HOW TO FIND US

Located at Darlington's Central Park, alongside the Centre for Process Innovation's National Biologics Manufacturing Centre and Teesside University's Centre for Professional and Executive Development, the NHC sits next to the East Coast Main Line, placing it two and a half hours from London by rail, and within easy access of the A1 and three regional airports.

BY TRAIN / WALKING

As you leave the station take the footbridge over the railway line and then take the new Parkgate footbridge which links Darlington Station and Central Park. Continue past the CPI building on to Green Street and you will see the National Horizons Centre straight ahead.

Walking and cycling Route

BY CAR

The National Horizons Centre building is located on John Dixon Lane, and is accessed via Green Street from Yarm Road.

For Satellite Navigation use DL1 1GL

This will bring you to the CPI building which is located at the end of Green Street.

National Horizons Centre
38 John Dixon Lane
Darlington
