7. General

- Volunteering or work done in a voluntary capacity is indicative of a graduate giving their time voluntarily and without payment. Work done by a graduate volunteer would also encompass those who give their time free of charge, but who may have benefitted from University hospitality, a small incentive or a small gift of thanks in recognition of their efforts at the time.
- The terms alumni, alumnus, alumna and graduate refer to (one or more) former students (of Teesside University) who have completed a board- awarded qualification from the institution. The term(s) does not include those who have only completed an unaccredited CPD courses or equivalent non-board awarded programme of study. The graduate volunteer can have studied via any mode (full time, part time, online etc).
