

Teesside Sport Regional Talent Club

Vision

To provide a safe learning environment to allow players to express themselves and reach their full potential. We are committed to nurture each player to meet individual development needs based on the 4 corner model.

We want to provide players with a tool kit equipped to enable them to perform on the international stage.

We are also want to cultivate positive human qualities including the importance of understanding individual differences.

Mission

Based upon Teesside 2020 mission as Regional Talent Club for girls' football to identifying and inspire talented female footballers within our local community. In doing so we provide stimulating opportunities for our staff, students and graduates to generate knowledge and to gain high quality applied experience. We aim to link with the local football community and education providers at all levels, sharing our visions and values helping to promote the female game.

Although it is distinctive, our playing philosophy emanates from the England DNA and encourages players to "get and stay on the ball" "seek creative solutions to problems".

Most importantly we embody the following core values:

Respect | Humility | Honesty | Discipline | Resilience | Togetherness (Understanding individual differences)

Teesside University has a committed to safeguarding and promoting the welfare of young people and this philosophy runs through everything we do as a Regional Talent Club.

This vision and our values are born out of our University's corporate strategy "Teesside 2020"

Teesside University Mission

Teesside University generates and applies knowledge that contributes to the economic, social and cultural success of students, partners and the communities we serve. Through education enriched by research, innovation, and engagement with business and the professions, we transform lives and economies.

Corporate Values

Delivering excellence | Empowering individuals | Fostering creativity | Embracing diversity | Open communication | Commitment to sustainability | Leadership and responsibility
