

TU_Visitor guest wireless service

The guest wireless service is called **TU_Visitor**

Access the service

1. Click the wireless network connection icon on your taskbar
2. Select **TU_Visitor**

You will be taken to a landing page - see image right

3. **Click on free_wifi login**

You will then be prompted with a registration page - see image right

4. **Enter your contact details** in order to connect

5. **Enter the user ID / Passkey** below in order to connect to the free service.

SSID is: TU_Visitor
Passcode is:

The passcode can be obtained from the event organiser or the IT services Helpdesk

Please note the passcode is case sensitive and if incorrectly entered or left blank you will be unable to connect to the service.

You should now have connection to the TU_Visitor guest wifi.

If you need assistance with the guest wifi service:

Ask a member of careers staff at the careers fair reception desk to contact the IT services helpdesk on x2220
